

Groats' Son Is Accepted At Academy

Dennis P. Groat, son of Mr. and Mrs. Thomas C. Groat of 18822 Thornburgh Ave., has enrolled and will study marine engineering at the California Maritime Academy, Vallejo. He has begun training as a Merchant Marine officer.

The California Maritime Academy is one of six such schools in the country and the only one located on the West Coast. It is an integral part of the higher educational system of the State of California. The Academy operates on the trimester system and grants a Bachelor of Science Degree.

While at the Academy learning his profession, Groat will spend approximately 10 months at sea aboard the Training Ship "Golden Bear." Upon completion of his education, he will receive in addition to the Bachelor's Degree, a license as either Third Mate or Third Assistant Engineer issued by the United States Coast Guard. If he qualifies, he may also be awarded a commission as Ensign in the United States Naval Reserve.

BEGIN CONCERT SERIES . . . The world famous Fine Arts Quartet will open the fifth annual concert series of the South Bay Chamber Music Society Saturday, Oct. 7, at Mira Costa High School. Quartets by Berg, Beethoven, and Mendelssohn will be performed by the four musicians—Leonard Sorkin, violin; Abram Loft, violin; Gerald Stanick, viola; and George Sopkin, cello. The group was formed in 1946

and has performed throughout the world in the past 21 years, appearing on numerous radio and television shows and in films. Other concerts in the series will feature the Orchestra San Pietro di Napoli, the Bach Aria Group, and the Philharmonic Wind Quintet of Los Angeles with Sidney Stafford at the piano. A special benefit concert is planned in January.

IT ALL ADDS UP

Up to what? That's up to you. But we'd like to help. For instance... save just one dollar a day. Tuck those dollars away at Great Western Savings. And leave them there—to grow—at the highest interest in the nation on insured savings. In ten fast years, it all adds up to this:

Dollars Saved (you can even add a couple more for Leap Years)..... \$3,650
 Plus Interest Earned (projected at our current rate of 5% compounded daily).... \$1,080
 Grand Total (and isn't it a grand feeling) \$4,730

Think of it this way. We would pay you \$1,080 just for saving a dollar a day. But it's up to you to make it happen.

First, save regularly. Second, don't dip into your savings—give your money time to grow. Third, save at Great Western Savings—where we've been helping savers nearly half a century. One, two, three. That's what makes it all add up.

May we help you start your savings on the way up... today?
